

TribeWare

TRIBEWARE...

Family of software sharing a central database of client and household information

Share a common intake form plus data screens specific to each department

Each department can produce their own reports for their specific funding source

Reports can be generated for all clients in the central database with centralized reporting

dozens of reports

can emulate most report formatting

reports in PDF format so you can save them as files to e-mail or just archive

KeyWare

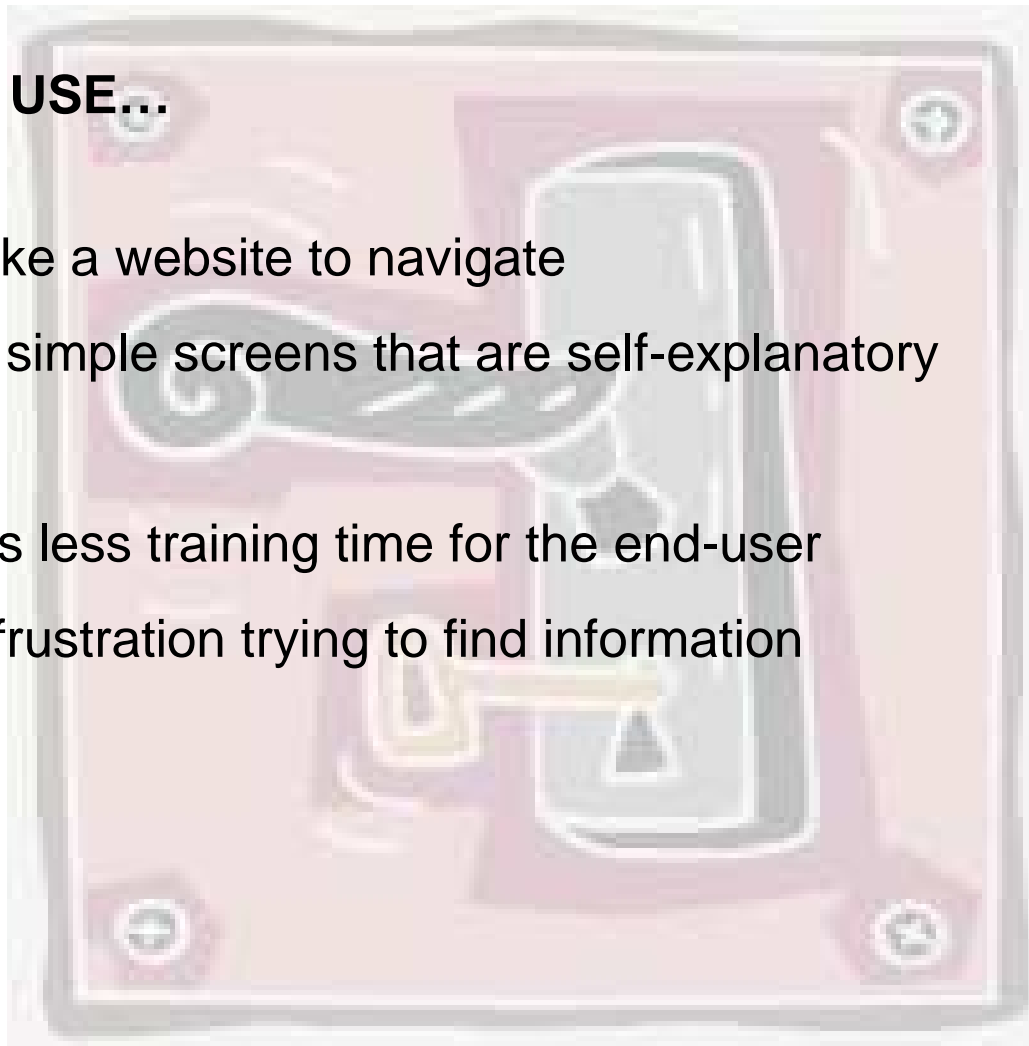

EASY TO USE...

Just like a website to navigate

Clear simple screens that are self-explanatory

Means less training time for the end-user

Less frustration trying to find information

KeyWare

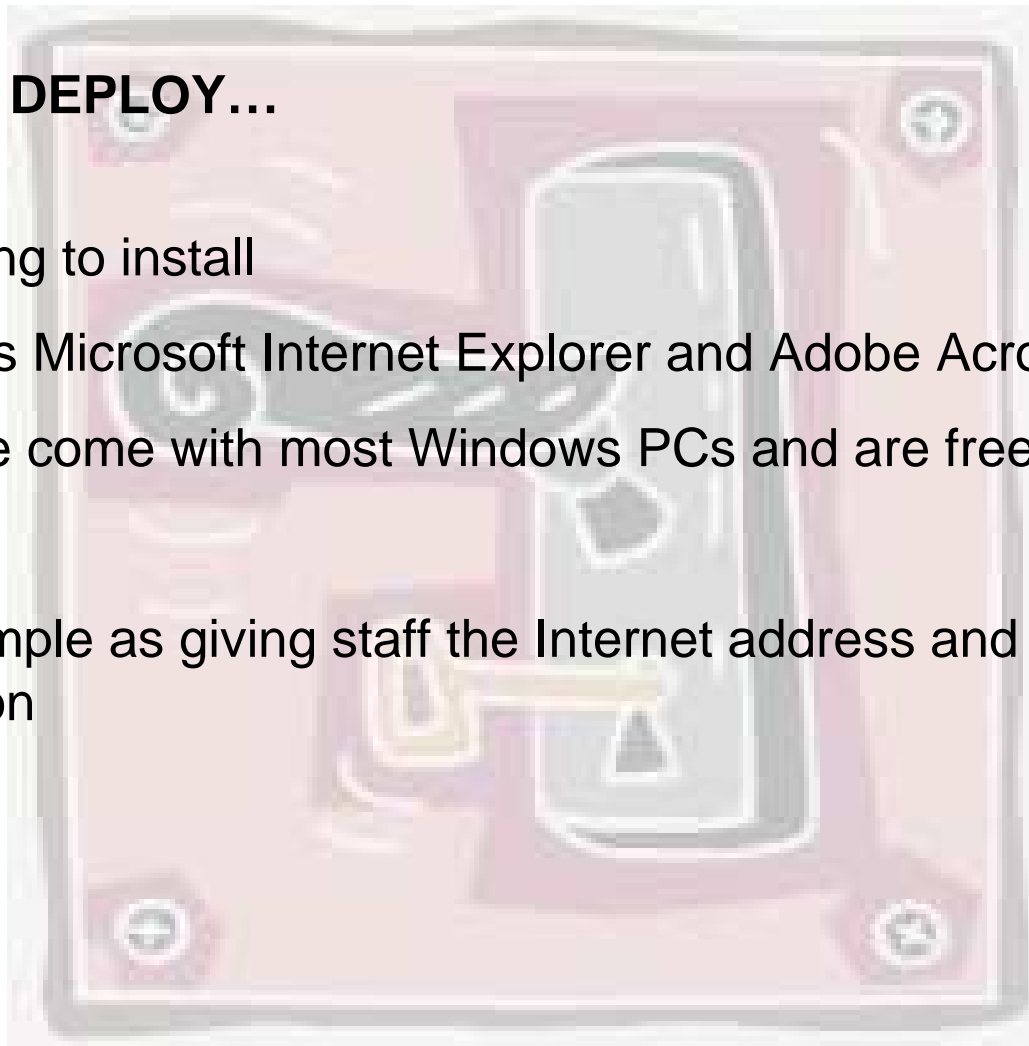

EASY TO DEPLOY...

Nothing to install

Needs Microsoft Internet Explorer and Adobe Acrobat Reader

These come with most Windows PCs and are free

As simple as giving staff the Internet address and having them sign on

KeyWare

CUSTOMIZATION...

Can put in eligibility guidelines for other programs

Custom reports

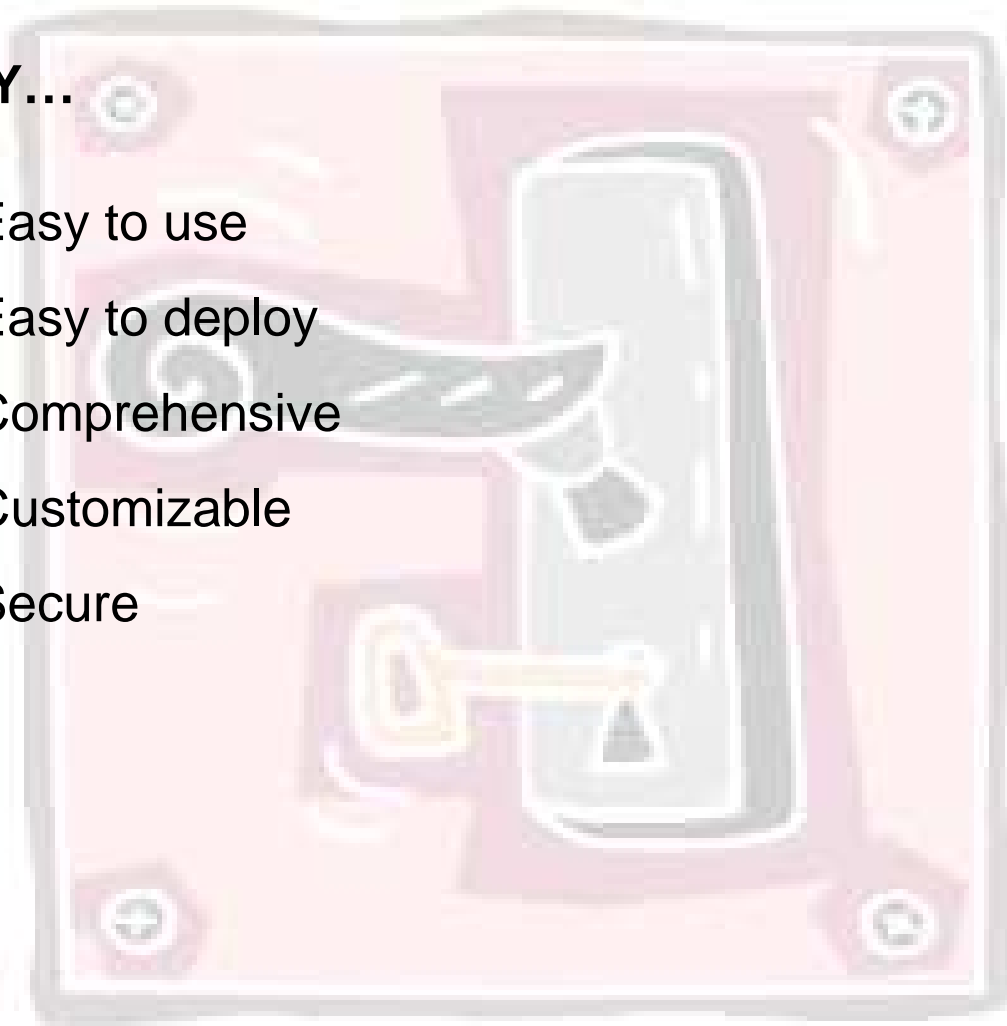

The programming philosophy remains constant...

KeyWare

SUMMARY...

- Easy to use
- Easy to deploy
- Comprehensive
- Customizable
- Secure
